Minute of the Minister for City Municipalities

1) To the Revenue Secretary

Issued P S Secty

2) The Mysore city Municipal Council has at its meeting held on 6-2-1948 resolved that a car at a cost of Rs 12,000- be purchased out of municipal funds, for the use of the elected president of the Municipality, the pay of the Driver also being met out of

the municipal Funds

3) It is also proposed to grant an allowance of Rs 200-00 pm to the president, a monthly therapy met out of the funds of the Trust Board - of which the p s Thavamaiah is the Chairman A resolution of the Trust Board in this behalf is awaited

4) There is no provision in the current years Budget of the Mysore city Municipality to meet the above expenditure The city Municipal Council has requested the Trust Board to contribute half the cost of the car to be purchased by the Municipality The receipt of a resolution of the Trust Board in the matter is awaited

5 The financial position of the Mysore city Municipality - as per sanctioned Budget is noted below ——

Opening balance — Rs 7136

Receipts — 2,00,600

Total 2,07,736

Expenditure — 1,64,331

Closing balance — Rs 43,405

c) Information re the source for meeting the maintenance charges to be incurred ~~annually~~ monthly — has not been furnished, as also how much these charges would be.

7) Points for orders

1) Sanction to purchase a car at a cost of Rs 12000/- for the use of the elected president of the Municipality and a driver also being provided and his salary being met out of municipal funds, in the first instance

2) Sanctioning the grant of an allowance of Rs 200/- to the president half the cost being contributed ~~for~~ by the Trust Board (The question of payment of an allowance for work as Chairman of the Trust Board is under consideration separately)

3) Though at present the elected President of the Municipality and the Chairman of the Mysore City Improvement Trust Board are held by the same persons, this may not happen always

and it may not therefore be correct that the Cost of the Car should be shared by the two institutions

9) The resolution says that, in addition to the Hindi pandering the car, it should also meet the pay of the Chauffeur Nothing is however said as to who will pay for the other running expenses, like petrol, tubes and tyres and other parts when they have to be replaced, or, if any these are also to be borne by the Municipality, the recurring expenses on account of the car will work up to a considerable heavy sum It will be necessary to clarify this point and to know exactly what the Commitment regarding running expenses will be

10) The financial condition of the Municipality cannot also be said to be satisfactory inasmuch as they are unable even to meet their normal expenditure towards which they have this year asked for a Contribution (grant) of Rs 1,00,000/- from General revenues This matter is separately under Consideration

the Municipal Commr re the purchase of a car

10) The proposal in para 7 is to be ordered

In B 11/2/46 B 11-2-46 11) The Bangalore city Municipal
Council has passed a similar resolution
for the purchase of a car for the use
of the President at a cost of Rs 12,500/-
This reference has been sent for orders
separately

12) In the present case, the Mysore
city Municipality has passed a resolution
to purchase a motor car for the use

of the President at a cost of 1200/
The capital expn is proposed to be
met out of the ctf ML funds in the Trust
-ment and a report is made to the Trust
asking the Trust Board to meet a more
yet there is no provision for this purpose
in the ctf ML budget and it is proposed to be
met out of the closing balance- We therefore
consider that the Mly is very unsatisfactory
With the payment of pays as per revised
scale, the position has become worse & the
President has separately requested for a grant
(in hand) of one lakh of rupees to meet
the expenditure we may today summarise

13) Further, details as to the recurring expn
on the cost, if processed, have not been
furnished & has been stated that a more
may be employed out of the ML funds this
purpose not been stated what portion of the
recurring expenses should be met by the Mly
& by the President have to be definitely fixed

14) The matter has become further complicated on
the ground that the expn (recurring) has to be
met by the Trust Board who in equal proportion
as the President of the ML is also the
Chairman of the Trust Board

15) As regards the guarantee we may add,
the ML had been requested to pass to the
President an

which is also proposed to be done
by the Trust Board on the file
relating to the appointment of Mr
Leethan Saunders as Chairman of the Trust
Board. It has been definitely ordered that
of the T B funds
he may be given an allce of Rs 250/pm out
The question is to the exact proportion
in which the allce to be drawn by the Treasurer
Petamma will have to be allocated between
the rlf of the Trust Board to yet to be settled

16) A question of principle is also
involved in this case - as to how far the
precedents have executive forts to perform
when there are municipal Commissioners
appointed in these cities of the
17) This is not also an appe authorized
under the provisions of the Statute
18) This precedent will be preserved up by another
by the Durvasapuram Trading Rly also -
These facts are for careful consideration
of the
19) In regard to the supreme cip rly
it is for consideration of, having regard to
its financial condition & the complications
involved in this arrangement, the Treasurer
may not be given in all an allce of
Rs 300/- pm (150 from rl funds
& Rs 150/- from the Trust Board funds)

4684 but 4677 & 4687,
can he be requested to make his
own arrangements for the maintenance
of a car in its present financial
condition, the Municipality can ill-afford to spend
money on purchase of car - members
to maintain it

2) The present proposal is very complicated, as indicated above. It is therefore a point for consideration whether the purchase of a car at Rs 12,000, and the employment of a driver also out of municipal funds may be sanctioned, or whether only an allowance of Rs. 300/- p.m. as proposed in para 19 supra may be sanctioned. Many several points are left indefinite in the proposals submitted. But still the matter is an urgent

Purchase of a car and payment of an allowance to the President, Mysore City Municipal Council are a hence it is submitted for orders

2) The question of granting of allowance to the president, as the president of municipality & the chairman of the Town Board will be separately dealt with.

2) The grant of an allowance of Rs 150 p.m. to the president as Chairman has already been approved in the Council, & orders will be issued accordingly in due course

15) It may be observed that even when there was no non-official President, to the Mysore Municipal Council the quantum of conveyance allowance was only Rs 75/- p m Even then one and the same person happened to be, as now, in charge of two offices (President and Ex-Officio Chairman) The then officer was not provided with a conveyance and its driver, at the expense of the Municipal Funds and the Trust Board. The non-official President of the Bangalore City Municipality unlike that of Mysore, is not given any conveyance allowance As the President of the Municipal Council, Mysore, is already in receipt of an allowance (conveyance allowance) of Rs 100/- I think there appears to be no need for an additional conveyance allowance of Rs 100/-, for work in connection with the Trust Board As one person holds two offices, he can arrange his inspection work in such a way as not to involve constant movement exclusively for work in connection with the Trust Board But there is the possibility of the President of the Municipal Council, Bangalore, asking for a similar concession which may have to be extended to him, in case any concession were to be shown to this officer (non-official)

My Dear Sri Subbarama Shetty

I am enclosing herewith copies of resolutions passed by the Mysore City Municipal Council at their meeting held, today (6 2 1948)- the special meeting fixed for 31-1-1948 -at the request of 12 members of the Council having been adjourned for today In forwarding the enclosed resolu--tions for the kind approval of the Government, I wish to state that considering the present economic conditions and the term of office fixed for the Presidentship being one -year - and in this year beingm only 10 months - it would be impossible for any individual elected as President to purchase at his own cost a new car and keep up the dignity and status of the highly honoured office of the Presidentship in the premier city of Mysore It is for the first time that this Municipal council has been honoured with this privilege under the kind orders of Government and it is keeping in with the dignity of the occasion to have a decent car for the use of this long-prayed for office The Municipal council have requested the Trust Board to kindly contribute half the cost of the car and to meet half the allowance out of Rs 200/- voted for as allowance to the President, keeping in view that the present president has been nominated by name as the Chairman of the Trust Board and has to function in the Trust Board as the Chief Executive officer as well The Trust Board work is likely to involve inspection every day of schemes which are in places located miles apart, at various ends of the city as well as slum areas located in the heart of the city

This executive function naturally involves a good deal of running about and as such the use of a car is very essential

It is therefore reasonable that the Municipal council

should be requesting the Trust Board to contribute their moiety of the cost of the car and also of the allowance to the President and the Municipal council is hopeful that the Trust Board would approve of this proposal to contribute the above sum

The resolution however does not make it condition precedent that the Trust Board should contribute a moiety of the cost of the car and a moiety of the allowance before the resolutions should be accepted by the Government

On behalf of the Council (though I am personally involved in the matter) I am requesting you to kindly accord sanction to the above resolutions early and intimate the same

Thanking you

Yours sincerely,

Sir,

Subject:- Allowance of the elected president of this Municipality

In forwarding herewith letter of the Municipal Commissioner in respect of the above subject, as well as copy of the proceedings of the Adjourned Special Meeting held on Friday the 6th February 1948 I have the honour to request you to kindly obtain sanction of Government for the payment of an allowance of Rs 200/- p m ,to the Elected President of this Municipality, in anticipation of the Trust Board bearing half the cost of this allowance In this connection I like to point out for the kind consideration of the Government that under the Trust Board Act there is no provision for the Board of Trustees to grant any allowance to the Chairman of the

Trust Board and it is therefore for the Government to fix up any allowance or honorarium for the Chairman This is my personal view as I have understood the Act and I therefore request you in the meanwhile to place this aspect before the Government and request Government to pass necessary orders regarding the contribution towards the purchase of a car as well as allowance to the President of the Municipal Council by the Board, as asked for in the resolutions in question

Subject: Purchase of a car for the use of the President, Mysore City Municipality

In continuation of my letter No M3 P 112/47-8 dated 23-2-1948 on the above subject, I have the honour to state that the subject came up for consideration before the Council meeting held on 28-2-1948 and the Council resolved thereat to await your reply in the matter before coming to a final decision As the question of purchasing either the present car at a reduced rate or a new one as already resolved has to be decided by the Council, very early, and as the matter is urgent, I request you to kindly obtain the orders of Government to sell the car to the Municipality for Rs.5000/- and intimate the same early

Subject Allotment of Ford Deluxe Sedan Car

"With reference to your letter No O/4001 dated the 19th February 1948 on the above subject, I have the honour to state that the car kindly sent by you has already run 3537 miles and is also giving some trouble The idea of the Municipal Council when they voted Rs 12,000/- for the purchase of the car was that they should have a new car for the use of the Municipal President so that the car may serve for a period of five years the least, without giving trouble and might be inkeeping with the dignity of the premier Municipality of Mysore City, the capital of Mysore State I learn that the controlled prices of new cars have come donw by 25% as advertised in the "HINDU" Even if this car is to be sold by the Government in favour of the Municipality, the original price has to be reduced in accordance with the present market rate and due reduction has to be made for the mileage and use made by the car If these deductions are made, the price of the car would be about Rs 5000/- or a little more I am placing this subject for the consideration of the Municipal Council with a note by me, if in the meanwhile the Government should be pleased to state their views as regards minimum price at which this car MYZ 8934 could be sold in favour of the Municipality If it is not possible to sell this car at a reduced value as stated above, the Council would perhaps be requesting the Government to kindly take back the car so kindly lent and allow the Municipality to purchase a new decent car not exceeding Rs 12,000/- at the current market price Since the matter is urgent and the Council has to decide the question after ascertaining the kind opinion of the Government, I have to trouble you to ascertain the opinion of the Government and inform me of the same so that the Council may be able to decide one way or the other (1) either to purchase this car MYZ 8934 at the reduced price of Rs 5000/- or (2) to purchase a new car for which a permit may kindly be granted the price of the

Re G O No L 14363-5/Ll 11-47-68 dated 5-3-48 Sanctioning an allowance of R 100/- payable by the Municipality

---

Adverting to the Government Order referred to above, I have the honour to inform you that in Para 2 thereof the President of the Municipality is permitted to draw an allowance of R 100/- per mensem as the President of the Council It has been ordered that the allowance to be drawn as Chairman of the City Improvement Trust Board has been fixed separately

2 In Government Order No L 13735 dated the 20th February 1948, the undersigned is allowed to draw an Honorarium of R 150/- per mensem as Chairman of the Trust Board No other Government Order has been received in this office regarding the moiety of the allowance of R 200/- per mensem proposed by the Municipal Council, to be paid by the Trust Board (vide Municipal President's letter No M3 P 112-2 dated the 8th February 1948 to Government)

3 The Chairman of the Trust Board has to take up several inspections works, and projects involving heavy amounts, and accordingly the expenses on account of conveyance required for such frequent inspections will be heavy and the allowance of R 100/- sanctioned to the undersigned in the capacity of Municipal President, will not be sufficient to meet the conveyance charges of the undersigned as the Trust Board Chairman in respect of Trust Board inspections Both these questions were considered at the same sitting as per the extracts enclosed herewith Hence a separate conveyance allowance of Rs 100/- to the Chairman of the Trust Board may therefore be kindly sanctioned, as the sum of R 150/- already sanctioned is only an Honorarium The Trust Board have in their Resolution No 356 dated the 25th February 1948 approved to bear the moiety of the conveyance allowance of R 200/- (i e , Rs 100/-) as proposed by the Municipal Council in addition to the Honorarium of R 150/-
